

Quelle heure est-il ?

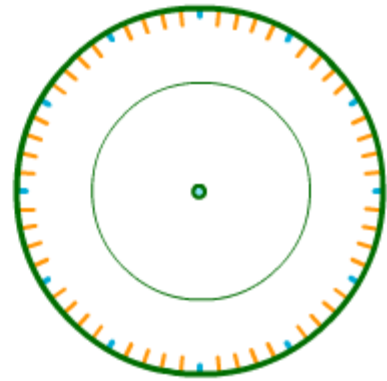

Dessine les aiguilles des horloges en fonction de l'heure inscrite en dessous.
L'aiguille des heures doit être plus petite que celle des minutes.

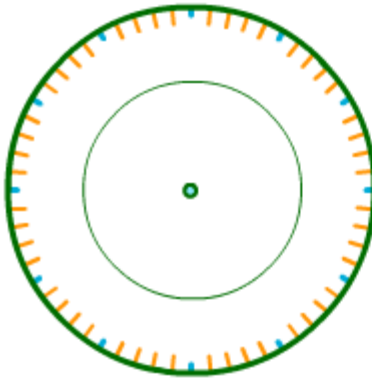

18 h 40

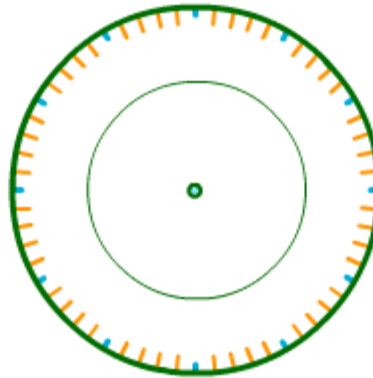

6 h 53

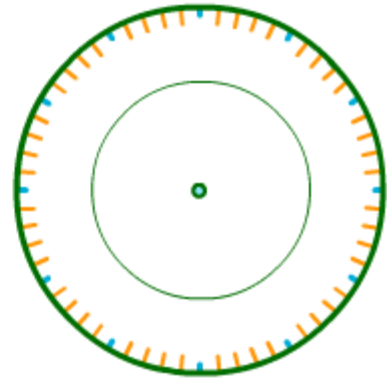

11 h et demie

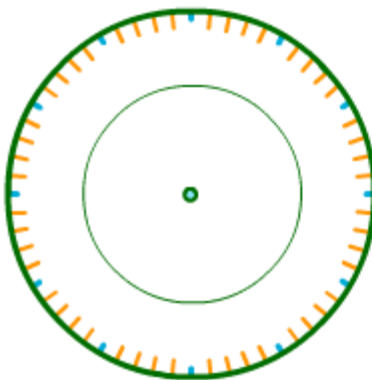

4 h moins 25

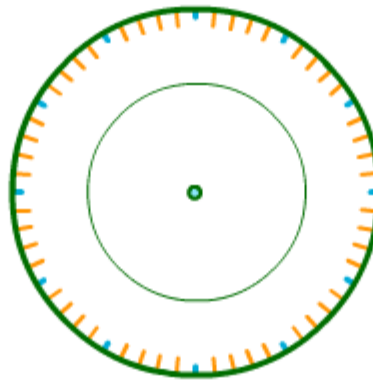

3 h et quart

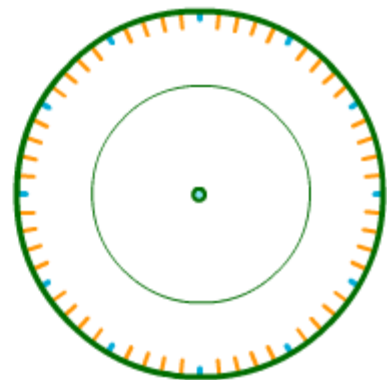

9 h moins 5

19 h 37

20 h 55

8 h moins le quart
